**4. Student Officer Report - Piper**

- Picnic was good but would like to make changes next year to increase participation during the event. Considering options for activities. Didn't like the sibling program they tried.
- Perhaps consider a portable sound system as the group has gotten large and it's hard to hear
- Maybe consider bbq instead of grilling to speed up eating. Could still have veggie burgers.

- Maybe re-order camelback water bottles to sell and possible half-zip sweatshirts with new logo. (Sarah Harris volunteered to help find a new vendor and direct them to Mr. Mulvenon) Piper said she'd check with her dad on a new logo.
  - Students would like to host the parents night out fundraiser again, to raise money for some classroom item tbd. Mr. Mulvenon agreed that making this an annual event would help with continuity (possibly Christmas or Valentines)
  - Students planning a movie night in October - *Jurassic Park* (probably a school night since Fridays are football). This would take place in the orchestra room in the evening.
  - Considering hallway decorations for Trunk or Treat
  - Homecoming float – **need a trailer for the day**. Scott will send an email to see if someone can lend this. Students decorate the float that morning.
  - A chapter of the music honor society, Trion is starting at West. This will include all music departments.
- 5. Director's report**
- October 3 is first concert. All three groups working hard and progressing.
  - Freshmen have been given their uniforms to take home
- 6. Additional discussion**
- It was suggested **that a roster be put together of PRESTO regulars** so we can contact each other as needed.
